THE WORST CONFIRMED.  
Hicks Pasha's Defeat and the Panic at Khartoum.  
Europeans Leaving—Baker Pasha Going to the Front.  
London, November 26.—The trial of George Warden, the Manager and Cashier of the London and River Plate Bank, for stealing, and of John David, Warden's stock and share broker, for selling and receiving bonds of the bank, was begun to-day. Warden pleaded guilty.  
A Brussels dispatch states that the Archbishop of Namur has been appointed Cardinal and Primate of Belgium and that it is hoped that this would settle the questions at issue between the Vatican and Belgium.  
Paris, November 26.—Napoleon, Louis Napoleon's Minister of State, is reported dying.  
Gaget, Radical, is elected Deputy for the Department of Ain by 12,684, against 4,744 for Fouraille.  
The Journal Des Debats says, the barbarians now at its doors would occupy the country, and civilization would suffer an immense loss.  
The Solferino that England will seek to compensate herself for the loss of Sudan by taking the island of Malindi, off Tonquin, and advises France to accept England's assistance in the far East, with out paying for it too dearly.  
CAIRO, November 26.—The latest reports from Sudan confirm the defeat of Hicks Pasha. The panic at Khartoum is said to be immense, owing to the fact that El Mahdi, with a large force, is advancing upon that city, and has cut off all supplies of grain.  
Official advice, while not confirming these rumors, admit that the Europeans are leaving Khartoum by boats. Two transports with personnel have been sent for Sudan. Baker Pasha will probably command the expedition. Plans are being prepared for the fortification of Assuan, on the right bank of the Nile.

DOINGS OF A CRANK.  
Personating a Detective, He Arrests a Reputable Farmer  
As the Murderer of the Crouch Family.  
JACKSON, Mich., November 26.—Yesterday afternoon a man representing himself as Colonel W. P. Perry, of Pinkerton's detective force of Chicago, applied to C. B. Bush, Superintendent of the M. & C. railroad for a special engine to go to Mason, a small station thirty miles north of here on the J. L. & S. railroad, in quest of the murderer of the Crouch family. Superintendent Bush, supposing the man to be a respectable farmer, granted the request. Perry went to Mason, secured the assistance of the Sheriff of Ingham county and arrested a farmer named Andrews, living eight miles west of Mason, bringing him to Jackson at midnight. Considerable excitement was caused by the arrest and thousands of people crowded to the depot, and, waiting the arrival of the special engine, with threats of lynching the prisoner. The engine was stopped outside of the city limits, and the prisoner was conveyed to jail in a hack to avoid the mob. Perry turns out to be a crank and an ex-convict named Howard, and Andrews a respectable farmer, who stopped at the hotel the night of the murder, and coming in yesterday but giving for his excuse that he had been out to a house of ill fame. Sheriff Wirry examined into the facts, and sent Andrews back home.

SIX INCHES SNOW AT ST. PAUL.  
ST. PAUL, November 26.—A cold wave struck this city late last night, the thermometer dropping to 19° above zero. The Northern Pacific railroad reports from four to six inches snow drift at Glendale, Miles City, Forsythe and Belling. At each of these places the thermometer registered 12°.

NOT FOR RANDALL.  
CHAMBERS, November 26.—The News and Courier editorially declares that the report that it had gone over to Randall for Speaker is false, malicious and outrageous. Its position of hostility to Randall is, it states, entirely unchanged.  
INTERNAL REVENUE RECEIPTS.  
During the fiscal year ending June 30, 1884, there was collected under the internal revenue laws the sum of \$14,563,392. The law of March, 1883, not only abolished many of the duties, reducing the number of articles taxed, but also materially altered some of the rates of duty that were not repealed. During the year ending June 30, 1884, the source of revenue from the duties on foreign goods was \$1,000,000 less than was collected in 1883.  
It was recently shown that the average cost of collecting the internal revenue taxes throughout the country was "one dollar for every thirty-four paid in, which is certainly not extravagant, though in some of the Southern States the cost has equalled nearly one-fourth of the collections. The consolidation of districts effected under Executive order, and the simplification made under the law of March, 1883, ought to reduce somewhat the cost of collection and render the service more efficient.

EVACUATION DAY.  
President and Staff and Twelve Governors Present.  
A Day of All Rain and Little Glory.  
New York, November 26.—The day opened with a full leaden sky, indicating rain or snow, the atmosphere is moist and raw, but not cold at sunrise. The forts and ships fired a salute of twenty-one guns this followed in half an hour with successful effect at steam whistles in bay, and on the river, to cross the most disagreeable noise imaginable, thus emphasizing a wonderful difference between navigation in 1783 and 1883. At 9 o'clock people took possession of the streets, and every means of conveyance leading down town. They filled carriages and omnibuses and took the sidewalks on Fourth, Fifth and Sixth avenues and Broadway presented a demonstration of humanity. Decorations were elaborate on public buildings and club houses, but the residents of dwelling houses contented themselves with the display of the national stripes. Occasionally the colors of France and Germany trimmed with red, white and blue, were to be seen. All parties of business were closed, and the entire population of Manhattan and Long Island gave themselves up to the enjoyment of the day. The points of historic interest were crowded with people desiring to recall the scenes of the day when the British withdrew their forces from the American shore; and, independence was really made secure. President Arthur and Governor Cleveland and staff are at the Fifth Avenue Hotel. Other dignitaries from all States are also present. Included among these are Governors of the twelve original thirteen States. The display of the military promises to be fine. The beautiful red coats present a fine contrast with the gray and the blue.

A NEW MOTOR.  
That is intended to take the place of steam, electricity and fuel.  
Mr. P. A. Tarbox, of Andover, Mass., has patented a form of motor power which he thinks is destined to cast steam and electricity into the shade. He arrived in the city yesterday, and is stopping at the Fifth Avenue Hotel, where he was seen by a reporter last evening. To-day he will start for Washington, where he goes to secure a patent for his invention.

A pretty evening had been made out of an old black lace mask which had not been used for years. It was dipped into coffee and polished, and carefully cleaned. The sleeves made the strings and a cluster of cream roses were placed at the side.

A good strong work basket may be made by placing one pasteboard box inside another and covering both with dark muslin or silk. Embroider the top with scarlet or pink worsted.
